

Professor or Associate Professor in Counselling Psychology

The School of Health Sciences announces one academic position at the rank of Associate Professor or Professor in Counselling Psychology.

The School offers undergraduate and postgraduate programmes focusing on the study of human development and the learning processes that underlie educational practice.

For the post of Professor or Associate Professor, candidates should have a PhD in Psychology. The candidate's years of academic experience, research record and scientific contributions, involvement in teaching and in the development of high quality undergraduate and graduate curricula will be considered. In addition, for the rank of Associate Professor, at least 6 years of post-doctoral academic experience are required. For the full Professor rank, at least 10 years of post-doctoral academic experience are required.

An internationally competitive remuneration package is offered according to qualifications and experience.
