

### **The smart choice!**

#### **Become a GAP Business Associate!**

As a Business Associate you will work through the Business Experience Program, a combination of a job and a professional training program, with flexible work hours.

GAP's Business Associates are trained and trusted to represent our vast array of services to various business owners and managers.

#### **Who is it for?**

- You don't need to have work experience or studies under a relevant field. We provide and certify all the training needed for this job.
- All individuals with a very good understanding of the English language as well as knowledge of MS office.
- The program is ideal for people who want flexible working hours, and want to work at their own pace.

#### **What's in it for me?**

**Remuneration:** Business Associates are in charge of their remuneration, through our competitive commission-based payment structure. The opportunities are unlimited, subject to your effort.

**Valuable Experience:** Through this program you will develop good self-presentation and communication skills, knowledge of our services, and experience of how real business deals are done.

**Flexibility:** You decide how much to work and your working hours, so that you can adjust your work to how much available time you have.

**Career Path:** After one-year, good performers get a full-time job offer.
