JEAN MONNET CHAIR

Spring Semester 2021

PROGRAM

The NUP Jean Monnet Chair organizes a series of Web Lectures by guest experts and practitioners in the field of criminal investigations, criminal law and EU law that will be invited to share with the targeted audience their knowledge and experience.

The aim is to open the debate on the problems associated with criminal investigations in the EU and the EU's fight against organized crime and money laundering. The Web Lectures bring together students and practitioners on national and EU actions in the project's area, thus increasing visibility of the NUP Jean Monnet Chair.

The Web Lectures will be organized via Microsoft Teams during the Spring Semester of 2021 and will be open not only to members of the NUP community, but also to the general public, upon registration (no fees).
