

Webinar on "Digital Rights in the Era of Artificial Intelligence"

The Jean Monnet Center of Excellence AI-2-TRACE-CRIME at Neapolis University Pafos, Cyprus, in collaboration with Universidad Carlos III de Madrid, Spain, are pleased to invite you to attend our upcoming webinar titled *"Digital Rights in the Era of Artificial Intelligence"*.

This event is organized within the context of the UNITWIN/UNESCO Network "Human Rights and Governance: the Rights, Individuals and Communities faced with the new challenges of a Globalized World in Crisis", a network coordinated by Universidad Externado de Colombia. It is also part of the activities of the LLM in International and European Business Law (Distance Learning) offered by the School of Law of Neapolis University Pafos.

The webinar aims to explore the intersection of digital rights and artificial intelligence (AI), considering how evolving technologies impact privacy, human rights, ethics, and governance.

Date: Monday 12 May 2025, 16:00-18:00 (Times listed are in Cypriot time, GMT+2)

Location: Virtual (Online Webinar via Google Meet) LINK: <https://meet.google.com/ito-nqty-pjc>

Language: English
